

Empowering Innovations Through Green Technologies for a Sustainable Future

We are delighted to invite you to participate in the 8th International Conference on Industrial, Mechanical, Electrical and Chemical Engineering (ICIMECE 2023), which will be held as hybrid conference (in-person and virtual) from October 30th - 31st, 2023, with the physical conference conducted at Lombok, Nusa Tenggara Barat. The conference theme is "Empowering Innovations Through Green Technologies for a Sustainable Future". The conference will address the energy harvesting and conversion, advanced materials for energy, electronic and mechanical system for energy conservation, renewable energy, smart city, Intelligent systems for energy, green computing, and artificial intelligent. The conference program will consist of plenary/keynote speeches, invited sessions as well as oral sessions. All accepted papers will be published in the conference proceedings, which is indexed by Scopus.

Topics of interest

- Renewable energy
- Bioenergy and Biofuels
- Waste to energy
- Conversion Devices And Energy Saving Technology
- Network And Communication System
- Green Computing
- Industry 4.0
- Advance material
- Smart City
- Smart structure
- Society 5.0
- Artificial Intelligence
- Big data
- Machine Learning
- IoT Technology
- Humanitarian logistics
- Human Factor Engineering,
- Ergonomics and Product Design,
- Advanced Manufacturing,
- Intelligent Systems,
- Energy storage system,
- Electric vehicle
- Energy conservation
- Robotic
- Mechatronic
- Autonomous System

Keynote Speaker

Dr. H. Zulkieflimansyah, S.E. M.Sc.
Governor of Nusa Tenggara Barat

Prof. Kang-Hyun Jo
University of Ulsan
Intelligent System, Computer Vision

Prof. Josaphat Tetuko Sri Sumantyo, Ph.D.
Chiba University
Radar, Microsatellite and Remote Sensing

Prof. Nafarizal bin Nayan
Universiti Tun Hussein Onn Malaysia
Plasma Processing and Nanoscale Imaging and Analysis

Prof. Takahiko Miyazaki
Kyushu University
Thermal engineering, Waste heat utilization,
Adsorption heat pump

Dipl. Ing. Haznan Abimanyu, Ph.D.
The National Research and Innovation Agency (BRIN)
Head of Research Organization for Energy
and Manufacture

Prof. Dr. Eng. I Gede Pasek Suta Wijaya, S.T., M.T.
Universitas Mataram
Digital Image Processing

Easy Chair Tutorial

So if you have an EasyChair Account just press on the EasyChair Login website for the conference.

If you do not have an EasyChair Account press on Sign Up get EasyChair Account, answer the CAPTCHA question and provide your account details. A confirmation e-mail was send to you. Confirm e-mail by clicking on the confirmation link you some more personal data and your password which you are using for the login and proceed to EasyChair Login.

Review Process

- All papers submitted to the ICIMECE 2023 must be written in English. The submissions should be formatted with single-spaced, double-column on A4 pages in IEEE conference style. The conference template can be accessed through IEEE Website.
- Each paper submitted will be reviewed by two reviewers in a double-blind peer-review process.
- The review criteria will be the novelty and level of contribution, validity of conclusions, application perspective and formal qualities of the contribution.
- Authors will be notified about their submission results in four weeks.
- Any paper submitted for the conference is reviewed by two international reviewers with expertise in the relevant subject area.
- Based on the reviewers's comments, papers are accepted, rejected or accepted with revision.
- If the comments are not addressed well in the improved paper, then the paper is sent back to the authors to make further revisions.
- The accepted papers are formatted by the conference for publication in the proceedings.
- Outstanding conference papers will be recommended for publication in selected journals.
